

C'EST PAS SORCIER

La Réunion

Section A

True or false?

- 1) La Réunion belongs to France.
- 2) It is 9000km from France.
- 3) It is in the Atlantic Ocean.
- 4) The temperature rarely drops below 10°C.
- 5) Almost half of the island is over 1000m above sea level.
- 6) The island emerged from the ocean 31 million years ago.
- 7) "Le Piton" erupts once a year.
- 8) When the volcano erupts, the lava runs down to the sea.
- 9) The island is getting smaller.

Section B

Explain in as much detail as possible in English:

How did La Réunion come to be in the middle of the ocean? Why is the island volcanic?

bulles = bubbles
